

Corrigendum

Date: 09, November 2023

1. The conference ‘Meghnad Saha Memorial International Conference on Frontiers of Physics’ (MSMICFP – 2023) is a pure academic and non-profitable activity committed to promote teaching and research. A dedicated session has been arranged for the students of UG, PG and different inter colleges of the city who will be participating in the conference without registration fee. The young students will be interacting freely with the great minds and experts of different streams of Physics. The conference is committed to educate and disseminate the methods of cutting-edge research and science popularization in the society. Therefore the GST charges is being returned to the registered participants.
2. The Poster, and Brochure of the conference are being amended also to reflect the new timelines, exemption of the late fee, registration fee and the revised list of speakers.
